PROFESSIONAL SUMMERY

I am really good with computers in general and good at fixing them. Programs that I am good at on computers are Microsoft Excel, Word, PowerPoint, and Outlook. I am a hard worker who is willing to do any task at hand no matter how hard it is. I am going to college part time with a computer science major. I am good around others and a good communicator. I am also good at problem solving and usually come up with a solution as soon as the problem presents itself. I have experience in setting up and maintaining a small computer network.
